---

The Atlantic Canada Chapter of SWANA is presenting a 1½ day training program SWANA Landfill Operations Basics.

### COURSE CONTENT

- The Sanitary Landfill in Integrated Solid Waste Management
- Gate Attendant & Scalehouse Operations
- Spotting and Waste Screening
- Equipment Selection and Maintenance
- Cell Construction & Compaction
- Litter Control
- Landfill Safety
- Hard-to-Handle Wastes
- Special Wastes
- Nuisance and Health Issues
- Landfill Gas Generation and Management
- Leachate Production and Management
- Groundwater Monitoring

This course will provide an opportunity for discussion and collaboration among participants.

### WHO SHOULD ATTEND

This program is designed as a non-technical review of operations at a Landfill (Waste Management Centre). Attendees may include: owners, operators, managers, supervisions/foremen, scale operators, equipment operators, spotters, labourers, and other employees responsible for daily operations.

### TRAINER

Andrea Trask is the Manager of Solid Waste for the Municipality of East Hants. She has worked in municipal solid waste for over 17-years in Nova Scotia. She is a SWANA Certified Manager of Integrated Solid Waste Management Systems, and has completed the Landfill Operations Basis. She is also an active Chapter member, including acting as the Chapter Safety Ambassador.
