

**COMPOST FACILITY
OPERATING PRACTICES COURSE**
plus
Compost Facility Operator Certification Exam

November 6 & 7, 2018

**Southeast Regional Service Commission
2024 Route 128
Berry Mills NB E1C 8J5**

The Compost Council of Canada in partnership with SWANA-Atlantic Canada is offering a two-day training program to promote technical knowledge and sound operating techniques amongst compost facility operators and those involved with large-scale composting.

This popular course provides participants with an understanding of the composting process and the means to address operational issues involved in the running of a compost facility. Topics covered include:

Feedstock Recovery	Feedstock Preparation	Composting
Curing	Screening & Refining	Storage & Packaging
Nuisance Control	Marketing	

Registration is limited to maximize individual attention. Each participant will receive a copy of The Council's "Compost Facility Operating Guide" in CD format to serve as a reference during and after the course as well as a hard copy reference guide.

Who Should Attend?

Compost Facility Operators & Managers
Public officials involved with Solid Waste/Health Departments
Those involved in Agricultural Operations and/or Research
Technology Service Providers & Equipment Vendors
Consultants working with Compost Facilities
Government Regulators of Compost Facilities
