

Dillon Consulting Limited Scholarship

For 3rd or 4th year undergraduate or graduate students studying solid waste management in Canada

The Solid Waste Association of North America (SWANA) is a professional organization of more than 10,500 members who work in solid waste management. The goal of SWANA is to advance the practice of environmentally and economically sound municipal solid waste management in North America.

Dillon Consulting Limited is an established, employee-owned professional consulting firm engaged in planning, management, engineering, and environmental science. With over 20 office locations and more than 900 employees across Canada, Dillon offers a wide range of services related to building and improving facilities and infrastructure, protecting the environment, and developing communities.

The Canadian chapters of SWANA are offering a \$5000 scholarship, sponsored by Dillon Consulting Limited, to encourage and assist a student studying in disciplines related to solid waste management and environmental protection at a Canadian university.

The recipient of the scholarship will be determined by a panel of SWANA members representing the five Canadian chapters and a representative of Dillon Consulting Limited.

To be eligible to apply for the Dillon Consulting Limited Scholarship you must:

- Have completed at least 2 years of post-secondary education and be a full-time student enrolled in a full course of studies (a 4 year undergraduate or a post-graduate program) leading to an undergraduate or post-graduate degree at a recognized post-secondary education institution in Canada,
- Be enrolled in environmental science, engineering, resource management, public policy or other program which could reasonably lead to a career in solid waste management.

To be considered for this scholarship, the applicant must submit a completed application package containing the following by **May 2, 2022**:

- completed application form including **Course List, Internships/Assistantships, Research Activities, Co-op or Other Employment** and **Other Activities**
- proof of registration as a full-time student for the 2022-23 school year.
- a copy of your college/university transcripts through the conclusion of the most recent period (quarter, trimester, semester)
- a letter from your faculty advisor or a key professor about your academic performance and participation in your studies related to solid waste management.
- a one-page, original essay about the way your course work, research, internship/assistantship, and/or overall studies will contribute to improving the management of waste as a resource or to addressing any environmental issue or issues related to solid waste that are currently of concern.
